

NEWS RELEASE

Iowa Department of Public Safety

February 24, 2003

For release at will

The Iowa Department of Public Safety releases the names of missing persons on a weekly basis. The list for this week, released by Commissioner Kevin Techau, contains 98 entries. This includes only the names of persons reported missing since the last press release. Of those missing, 13 are adults and 85 are juveniles. 123 entries were canceled during this period. There are a total of 316 persons currently on file with the department; of these, 223 are juveniles and 93 are adults.

The Iowa missing persons file maintained by the Missing Person Information Clearinghouse of the Department of Public Safety consists of the names of people entered by law enforcement agencies into the data bank of the statewide computer network. Primary responsibility for the investigation of a case lies with the law enforcement agency receiving the report.

For each missing person on the list, the following data is provided: name, age, date of disappearance, entering agency, and type of incident. For those located, the list provides name, age and agency.

The lists are attached.
